## 5.1 ALGERIA

### Country Overview

1. Please replace text of paragraph 5.1.1 with the following:

"The refugee population consisted of two groups, namely the Western Saharans, who have been residing in the Tindouf area since 1975, and urban refugees. The first group was estimated by the Algerian authorities at about 165,000 persons. However, the assistance programme covered a vulnerable population estimated at 80,000 persons, most of whom were women, children and elderly people grouped together in four centres in accordance with criteria established when they first arrived. All the children were attending school."
